

March Club Meeting

What luck. 43 members arrived in convoy at Christine and John's garden in full sunshine against all BOM predictions of rain, rain and more rain. The first item was enjoying morning tea and coffee accompanied by scones, cakes and slices provided by committee

members. After that President Lynne opened the meeting where the usual reports were read. Lynne asked for members to help with the 40th anniversary lunch planning and Annette Cave gave a brief outline of the proposed visit to the Governor General's garden in Canberra. Full details of the proposed visit can be

read below and on our website. We had three raffle winners; Helen Bradley, Margo Breeze and Lynne Howe. Christine and John both gave brief speeches on their motives, means and methods in developing and maintaining their garden. Next, members wandered around the garden, some on their own and others guided by either John or Christine. John apologises to those who participated in the treasure hunt by not telling everyone

there was not a prize and it was just a fun exercise to make the walk more interesting.

Then the best part, Annette had provided all the necessities for a BBQ lunch of sausages, rolls and coleslaw, professionally cooked by herself, Iris and Di. But then the luck ran out and it started to rain. Some members headed home while others settled in under the cover of the garage. It seems an enjoyable day was had by all. Many thanks to the excellent organisation by Annette Cave.
